

Our psp adventures and outings

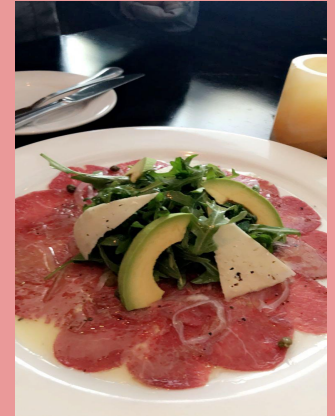

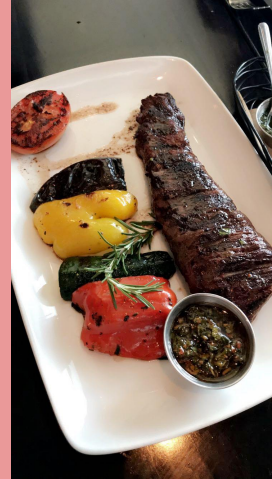

BY: FRANCES SWEENEY AND JAZMIN MELGAR

Argentina Food and Santa monica Pier

To start, this was our very first trip. On this trip we went to the Santa Monica beach. In the beginning we walked around Santa Monica Pier. There we climbed ropes and went on a roller coaster. Since we are both scared of rides we were hesitant to get on, but once we were on the ride we loved it and decided we wanted to get on it again!

Later, we went to a restaurant that served argentinian food. When they came to our table we didn't know what to order so we decided to just let our mentor order for us. We ate things like thin slices of raw meat, a different type of ceviche and even tried a weird drink. For desert we went to go eat ice cream at her job, Coolhaus. The ice cream was super delicious and we even got a tour around the company.

La county fair

To begin with, one of our most fun trips has been going to the La County Fair. In the fair, we went with all of our PSP fellow peers. This trip was one of the most fun because we got to go on many new rides. With this, we were able to experience rides we thought we were never going to be able to go. At first, we were both scared of big rides, but due to this trip, we have somewhat overcome the fear of big rides.

Pantages Theatre

To continue, this trip changed our point of view to things. In this trip we went to the Pantages theatre to go watch Anastasia the Musical. At first the thought of going to go watch a musical seemed really boring. We were excited to go experience something new but didn't see what would be the fun in it. Finally, we got to the theater and saw how beautiful it was and learned that the Pantages Theatre is a really old and famous theatre.

Thank You For Everything !!

To conclude, we want to give a big thanks to our PSP sponsors for providing us to go on all these amazing trips. We had a great fun time on all these trips, and are looking forward to going on more trips. For example, the D.C trip which we will be going to soon. We can't wait to go
